

EL CENTRO aims to generate a cultural transformation in companies to identify and prevent child labour risks in their direct operations and supply chain.

SERVICES WE PROVIDE

We offer solutions for businesses to address the rights and well-being of children and adolescents.

Child risk assessment and its impact on direct operations and supply chain in terms of child rights.

Development and updating of policies, procedures and programmes for the prevention, on-site intervention and remediation of child labour as well as the protection of young workers in México.

Capacity building and facilitation of programmes and training for key personnel on social compliance on child labour with a focus on risks and due diligence.
